FESS ADDRESS IS POSTPONED; WILL SET LATER DATE

Absence of Members of German Propaganda Committee Cause Change

BOTH HOUSES ADJOURN FOR WEEK AFTER SHORT SESSION

Hearings on Firemen's 8-Hour Bill Closed By Tax Committee

[ASSOCIATED PRESS TELEGRAM]

Columbus, March 14.—The engagement of Congressman S. D. Fess to speak before the committee on German propaganda of the legislature today was cancelled after the committee arranged with Fess to hear him on a later date. Absence of several members of the committee was the reason for postponement of the meeting.

Brief sessions were held by both houses of the legislature this morning before adjourning for the week.

Two new bills were introduced in the senate by Ritter of Miami, one proposing amendments to the Bense act to prevent stream pollution and another to pay Jay C. Snyder of Toledo $1,140.32 for expenses incurred by reason of injuries received in 1916 while he was serving in the Ohio national guard at Camp Willis.

There was introduced in the house today a bill by Representative Chester appropriating $200,000 for an agricultural engineering building at Ohio State University and a bill by Freeman of Hardin providing for state aid for weak school districts.

Mayor John Galvin of Cincinnati, appearing before the joint taxation committee of the legislature last night on the firemen's eight-hour bill declared it would be "a crime and injustice to every city in the state," to pass this bill.

Galvin strongly denounced unionism in police and fire departments.

"I am for labor unions but I am strongly opposed to them being in police and fire departments as I would be to any form of Bolshevism," said the Cincinnati mayor.

Members of taxation committee announced that this closed the hearing on the firemen's eight-hour bill but they did not announce what their action upon the measure would be. It has already passed the house and was referred by the senate to the taxation committee.

WILSON'S LUCKY "THIRTEEN" CLINGS TO HIM THROUGH HISTORY-MAKING EXPERIENCES

President Wilson's lucky number—13—is still with him.

His ship arrived at Brest, France, last evening—March 13.

This is the thirteenth trip of the George Washington since she was taken over by the United States government.

President Wilson's name contains 13 letters.

On his previous trip to the Paris conference he landed at Brest Friday, December 13.

He was elected governor of New Jersey in his thirteenth year as a professor at Princeton.

The electoral college that named him president met January 13, 1913.

Governors of 13 states were in line at his first inauguration, while representatives of 13 educational institutions participated in the parade and Princeton students journeyed to Washington in two trains of 13 cars each.

His daughter, Jessie W. Wilson, was the thirteenth White House bride.

He was present at the opening session of the peace conference on January 13.

On February 13 representatives of the leading powers accepted his plan for a League of Nations.

NOTED "SCRAP OF PAPER" TREATY MAY BE REVISED BY PEACE PARLEY

International Agreement Which Guaranteed Neutrality Of Belgium Will Be Corrected By Paris Congress —Territorial Boundaries May Be Changed In New Document

[ASSOCIATED PRESS TELEGRAM]

Brussels, Wednesday, March 12.—Premier Delacroix announced in the chamber of deputies today that the supreme council of the peace conference had decided the treaty of April 19, 1839, between Belgium and Holland must be revised.

"Parliament and the country will receive the decision with satisfaction. They will see in it the forecast of actions which will have a profound influence on the destinies of Belgium. On March 12, 1839, exactly 80 years ago, these walls heard the farewells of representatives of Belgian provinces which the execution of the treaty was about to separate from this country. The house cannot but be moved by such a memorable coincidence."

The treaty of April 19, 1839, between Belgium and Holland was signed at London and ended an intermittent warfare which had lasted since 1830, when the Belgians revolted against Holland, to which Belgium had been united by the congress of Vienna on May 31, 1815. It provided for the separation of the two countries but was less advantageous to Belgium than had been expected, meeting with much opposition in the Belgian parliament. The treaty stipulated that the duchy of Luxembourg should be divided with the king of Holland retaining the fortress of Luxemburg. To compensate Holland for the loss of the rest of this duchy, the province of Limburg was divided, as was the district of Maesricht. The Scheldt river was declared to be open to the commerce of both countries and the national debt was divided.

The treaty was ratified by France, Great Britain, Austria and Prussia, the powers recognizing the independence of Belgium as a "neutral state." It was this convention, which on August 1st, 1914, was called a "scrap of paper" by Germany when she massed her troops for the invasion of Belgium.

BANKERS AT MEETING.

[ASSOCIATED PRESS TELEGRAM]

Paris, March 13.—The German delegation at Brussels today was under the presidency of Under Secretary of State von Braun, and Dr. Theodore Melchoir, of M. M. Warburg & Company, bankers of Hamburg, was vice president, according to Marcel Hutin, editor of Echo de Paris.

BELGIUM TALKS OF LOAN.

[ASSOCIATED PRESS TELEGRAM]

Brussels, Wednesday, March 12.—The Belgian senate today discussed the bill authorizing a loan of 3,500,000,000 francs. The premier, replying to several deputies, said there was no reason for Belgium to reproach the allies. "When we have established the amount of our damages," he said, "there is every reason to believe the figure will be accepted."

Naval Court Will Determine If Recommendations Are Forged

GOT VICTORIA CROSS AND CONGRESSIONAL MEDAL

Court Will Determine Truth of Stories of Great Exploits

[ASSOCIATED PRESS TELEGRAM]

London, March 14.—The investigation of the stories of remarkable exploits of Captain Edmund G. Chamberlain of San Antonio, Texas, an officer of the United States marine corps, which has been in progress for several weeks, has developed to an extent that the American naval authorities consider a courtmartial necessary. The court has been called to sit in London, March 24.

The court martial, it was announced, will investigate chiefly whether Captain Chamberlain's recommendations for decorations were all forgeries and whether there was any truth whatever in his story of destroying an extraordinary number of machines in a short time.

Captain Chamberlain, then a lieutenant was recommended for the Victoria cross and the congressional medal of

YANKEE OFFICER TELLS OF FIGHTING

Had Narrow Escape From Sniper's Bullet During Spartacan Uprising In Berlin.

[ASSOCIATED PRESS TELEGRAM]

Paris, Thursday, March 13.—Brigadier General George H. Harries, commander of the American military force at Berlin has been here for several days to appear before the supreme war council to render a report on the military and economic situation at the German capital and throughout Germany. General Harries has given a dramatic recital of events in Berlin during the past three months, culminating in the serious street fighting of the last fortnight.

When the American party left Berlin, the government forces under Gustav Noske, the German war minister had the upper hand and, in General Harries opinion, the government will control the situation, particularly if food is sent to aid in holding back the Bolsheviki menace from the eastern border.

The American forces in Germany consist of eighty officers and six hundred men, a considerable part of the contingent being stationed at twenty camps at various places in Germany, where six hundred thousand Russian prisoners are being cared for by the Americans. The headquarters in Berlin are on the second floor of the Hotel Aldon, in the heart of the city, where much fighting has been going on.

During the early stages of the fighting General Harries had a narrow escape. He was standing in a window of the American headquarters, watching a clash between opposing factions, when a sniper's bullet grazed his breast and buried itself in a window casing by his side.

JUDGE SWARTZ'S GRANDSON DIES

Son of Former Granville People Succumbs to Attack of Pneumonia In France.

Judge John M. Swartz received a telegram yesterday telling of the death of his grandson, Frederick Whithoft, 24, in France on February 27, of pneumonia.

He is the son of Frank W. Whitoft and Mrs. Mabel Swartz Withoft, both well-known in Newark and Granville, and formerly of Dayton, but now living in Ft. Valley, Ga.

Young Whitoft enlisted in the signal corps while he was employed in a clerical position in Pittsburgh. For six months he served continuously on the fighting line in France, acting as dispatch-carrier for the headquarters of his company. He escaped without a scratch although under constant fire.

The telegram received by Judge Swartz was from the boy's father, and the message stated that official notification had been received but that no details were given. Both Frank W. Whitoft and his son Ferderick attended Denison university.

GERMANY NEEDS FOOD PROMPTLY BERLIN SAYS

[ASSOCIATED PRESS TELEGRAM]

London, Thursday, March 13.—If Germany does not get quite large food supplies during April literal starvation will result, says a Berlin dispatch from Berlin.

"The government was forced to raise the bread rations weeks ago to its present status to keep the people even relatively quiet," the message reads.

"With this ration grain supplies will be absolutely exhausted by May. Cultivation backward and only half a harvest is expected this year," the dispatch says.

INJURED IN PREMATURE CELEBRATION OF ARMISTICE; VICTIM ASKS $25000

Mrs. Grace Evans, aged 19, wife of Russell Evans, and who was injured by the explosion of a torpedo on the tracks of the Ohio Electric railway at the station in this city during the premature celebration of the signing of the armistice, has brought suit against Ezra L. Woodard and the railroad company for $25,000.

The petition filed in the office of Clerk Leo T. Davis recites that on November 8, 1918, plaintiff was at the station of the Ohio Electric in this city waiting to board an east bound car and while there Woodward, an employe of the company and in charge of torpedoes and explosives, placed a number of the torpedoes on the track so that passing cars would explode them.

Plaintiff states that a portion of the metal casing struck her in the right eye and that the injury has diminished her vision and that she has suffered great pain and will be permanently injured.

PRESIDENT AGAIN IN PARIS AFTER VISIT IN AMERICA

Wilson and Party Arrive In Capital Shortly After Noon

SUPREME COUNCIL PASSES ON HUN-CHINA HOLDINGS

Will Compel Foe to Give Up Tsing-Tao Province to China

[ASSOCIATED PRESS TELEGRAM]

Paris, March 14.—President Wilson returning to the peace conference after his trip to the United States, arrived in Paris shortly after noon today.

The supreme council of the peace conference has virtually decided to include in the preliminary treaty of peace a requirement that Germany shall relinquish her lease hold of Tsing-Tao and all properties and concessions on the Shan Tung peninsula.

No attempt, it is understood, will be made at the present to render a decision as to the ultimate possession of Germany's rights, which is now a subject of a controversy between Japanese and Chinese delegations in Paris. The former holds that Japan acquired the lease hold by right of conquest over the German forces there, although she is willing to permit the ultimate status of the Shan Tung peinsula to be determined by the peace conference. China contends the lease was automatically cancelled by the expulsion of the Germans, who originally acquired it by force and that the property reverts to China.

It is expected that the final adjustment will be made in the definite peace treaty or by the League of Nations, unless, in the meantime, the principals of the controversy reach a mutually satisfactory agreement.

The president's train which had been layed on the way from Brest reached the Invalides station at 1:07 o'clock.

HAVANA COURTS MAY TAKE UP FAKE CHARGE

[ASSOCIATED PRESS TELEGRAM]

Havana, Thursday, March 13.—The attention of the judicial authorities here has been called to the declarations made by Jack Johnson, former heavyweight champion, that his bout with Jess Willard in this city four years ago was a "fake." A written report on the incident has been made by a lieutenant of detectives.

In closing his report, which includes the translated version of Johnson's statement as published here today, the detective says:

"From the foregoing it may be seen that, if this story is true, the people of Havana were deceived and defrauded and that it is desired to repeat the event, with the same or a similar combination."

SAY U. S. MARINES ATTACK JAP ENVOY

Clash Between Yankee Sea Fighters and Jap Soldiers Is Blamed For Difficulty.

[ASSOCIATED PRESS TELEGRAM]

Peking, Thursday, March 13.—American marines have raided the Japanese concession at Tien Tsin, forcing their way into the Japanese consulate and assaulting the consul, according to dispatches received here.

The trouble is said to have been caused by the rough treatment given American soldiers who became disorderly in the Japanese quarter of the city. Japanese soldiers drove out the Americans with fixed bayonets, it is said, wounding two of them quite seriously. The next day two hundred angry marines who were off duty paraded the Japanese concession and it is alleged they attacked every Japanese encountered. When the marines reached the consulate they forcibly entered, it is reported, and the condition of the consul is said to be serious.

MINISTER IS SENT TO PROBE REPORTED CLASH

[ASSOCIATED PRESS TELEGRAM]

Washington, March 14.—A clash between American troops, a Japanese policeman and some civilians at Tien Esin was reported to the state department today by Minister Reinch at Peking. The minister said he had sent First Secretary Spencer to Tien Esin to investigate and report. Government officials were greatly disturbed today by the news from Pekin.

In the absence of complete information, officials were not willing to discuss this incident for publication. Privately, however, it was said if the Japanese consulate had been violated of course the guilty would be punished and a proper apology would be made to Japan.

The Japanese consulate is located in a saloon and restaurant section of Tien Esin and brawls there in the past are said to have been not infrequent.

No mention was made of a raid by American marines on the Japanese consulate and the wounding of the consul, reported in a Pekin dispatch to the Associated Press. The minister's message was brief and gave no details.

Navy department officials doubted that 200 marines were involved in the raid as reported, because no marines are stationed at Tien Tsin and the entire contingent at Pekin, three or four hours ride away, number only a few hundred. Only the presence of a number of American ships in port of which the department has not been advised, could account for many marines being ashore and off duty at Tien Tsin.

The American force stationed at Tien Tsin is the 15th regular infantry regiment which has been there for several years and which is composed entirely of veteran soldiers.

HIS DEMOTION MAY BE INVESTIGATED

Lieut. Col. Samuel T. Ansell.

The Republicans threaten to investigate many acts of the Democrats when congress reconvenes this summer. One of these is the demotion by the war department of Samuel T. Ansell from brigadier general to lieutenant colonel, after Ansell had exposed the activities of certain higher up court martial officials in the army.

MAY PROBE ANTHRACITE COST IN PENNSYLVANIA

[ASSOCIATED PRESS TELEGRAM]

Philadelphia, March 14.—Anthracite coal operators today were disinclined to comment upon the action of Governor Sproul, in inquiring of Attorney General W. I. Shaffer, whether the state had authority to investigate the reasons for increasing the price of the fuel by the producing companies. The governor said some of the mines are on short time due to slackening demand and that he was at a loss to understand the commercial or economic justification for increasing prices at this time.

CHINA WILL PUBLISH SECRET JAP TREATIES

[ASSOCIATED PRESS TELEGRAM]

Peking, Thursday, March 13.—It is announced here that the secret treaties between China and Japan will be published on Friday.

Brest—President Wilson and party left the city for Paris at 11 o'clock.

CREEL'S BUREAU SELF-SUSTAINING

It Must Be So Because George Admits It—He Also Rises In Defense of Work.

[ASSOCIATED PRESS TELEGRAM]

Washington, March 14.—Settlements of the committee on public information, now being made, will show that the committee's domestic work was "virtually self sustaining," George Creel, chairman of the committee said today. Mr. Creel returned several days ago from Europe after spending several months closing up the committee's affairs. He reiterated today his statement made on his arrival in New York that he had resigned as chairman of the committee. President Wilson, he said, however, had not yet accepted his formal resignation.

Of the original appropriation of $1,250,000, for the committee's domestic work, Mr. Creel said about $300,000 remained unexpended. About $400,000 he said, had been made from motion pictures and war exhibits and paid into the treasury and about $250,000 more will come in from this source. The committee chairman said it might "be interesting to learn that the derived official bulletin had taken in $84,294 in subscriptions" additional sums, he said, are expected to be realized from the sale of furniture and fixtures belonging to the committee.

In explaining that he regarded himself now as a private citizen, Mr. Creel said that he made no plans for his future activities but meant to take an active interest in political affairs. Mr. Creel characterized reports of differences with President Wilson as "so false as to be absurd."

In discussing the peace conference, Mr. Creel asserted that he kept his pledge made before going abroad that he would have nothing to do with the conference or its publicity.

The committee chairman denied flatly that the American government had since the opening of the peace conference exercised any censorship over news matter between Europe and the United States.

DUEL POSTPONED BY WAR

[ASSOCIATED PRESS TELEGRAM]

Paris, Thursday, March 13.—The four seconds of Leon Vaudecrane and Robert Schreoiver, former army aviators, who proposed an aerial duel met this morning and decided that as a state of war still exists, it is impossible to permit any duel in France. Therefore the question of the challenge has been postponed until after the treaty of peace is signed.

OHIO CASUALS ARRIVE.

[ASSOCIATED PRESS TELEGRAM]

New York, March 14.—With 147 officers and men, virtually all casuals, the steamship Suwanee arrived here today from St. Nazaire. Among the troops was casual company Number 178 of Ohio, comprising three officers and 139 men.

ALLIED LOSS IN RUSSIA IS LIGHT

Americans Suffer Only Few Losses In Fighting, Report From the Archangel Headquarters Shows.

[ASSOCIATED PRESS TELEGRAM]

Archangel, Thursday, March 13.—Compared to the losses inflicted upon the enemy, the allied casualties in the fighting along the Vaga river since February 28 have been extremely light. It is estimated that the Bolsheviki have lost at least five hundred killed.

The American casualties from February 28 to March 9, inclusive, were five killed on the Vega front and 10 on the Dvina front. No officers were killed. One American soldier is missing and two officers and 40 men were wounded. The total American casualties to date in North Russia follows:

Killed in action: Officers, 4; men, 71.
Died of wounds: officers, 1; men, 18.
Missing: Men, 36.
Died of disease Officers, 2; men, 67.
Wounded: Officers, 11; men, 211.

The health of the expeditionary force since the Spanish influenza epidemic in September and October has been excellent. Of the 69 deaths from disease, 63 occurred before January 4. Throughout the fighting the American troops have generally been greatly outnumbered but the losses inflicted upon the enemy have been at least five times those suffered by the Americans.

FEDERAL BOARD WILL MEDIATE STRIKE

[ASSOCIATED PRESS TELEGRAM]

Newark, N. J., March 14.—While representatives of the public service railway company and the 4,500 striking motormen and conductors sought a settlment of the strike throughout the war labor board in Washington, service on all traction lines in northern New Jersey remained at a standstill again today. Both the company and the men, it was said, had agreed to submit to the board for adjudication the demands of the strikers in the region for a nine-hour day with pay for ten-hours.

THIEVES GET JEWELS.

[ASSOCIATED PRESS TELEGRAM]

Cleveland, March 14.—Theft of $3200 in jewels from two homes in widely separated sections of the city started police today on a search for an organized band of house robbers believed to be operating here. Two thousand dollars worth of jewels were stolen from the home of Mrs. Leon Rubay, during her absence last night and $1200 worth from the home of Mrs. B. Grossman.

SOCIALISTS MAKE THREAT TO FREE EUGENE DEBS

(Associated Press Telegram)

Cleveland, March 14.—Practically everybody who could crowd into a theatre to hear an address by John Reed, socialist editor of Ne wYork, stood with upraised hands last night and swore that "either 'Gene Debs' would get out of jail, or we would all get in."

Debs was recently sentenced to ten-years imprisonment by a federal jury here for violation of the espionage law.

ALL OF 37TH HAS NOT STARTED YET

No Ohio Men In Unit of 147th Infantry Which Sailed Monday From Brest.

The entire 37th division is not enroute home, according to an announcement made by the war department at Washington yesterday and printed in the Cleveland Plain Dealer today. The detachment of the 147th infantry which sailed March 10, consisted of nine officers and 561 men, none of whom was from Ohio.

The announcement of the war department said that the division probably will sail from French ports between the middle and the last of March and that at least seven days' notice would be given before the troops sail. Officials said that the information would be made public as soon as it is received from France.

Newark has many in the 37th division, having men in nearly every branch of the service. There are probably 125 or 150 Newark and Licking county men in the organization.

PORTUGAL WANTS HUN TO RETURN TERRITORY

Paris, Thursday, March 13.—At a banquet given last night in honor of the Portuguese delegates to the peace conference, Ejas Monise, Portuguese foreign minister, described Portugal's effort in the war. He said that 110,000 men had been sent to the front and 150,000 tons of shipping had been provided.

In outlining Portugal's claims, he said that they included the restitution of a small territory which Germany took from Portugal in 1892 in East Africa, reparation for damage done to Portuguese ports, colonies and fleet, and the repayment of the war expenses.

DON'T ALLOW HUN TO ARGUE CASE

New Demand For German Ships Is Presented to Delegates at Brussels Meeting.

[ASSOCIATED PRESS TELEGRAM]

Brussels, Thursday, March 13.—The decision of the allied powers providing for the turning over by Germany of merchant ships and securities in exchange for food was presented to a German delegation here today by an allied commission headed by Vice Admiral Sir Rosslyn Wemyss of Great Britain. The meeting began at 2 o'clock and half an hour later there was a recess until 8:30 o'clock. It is understood that only Vice Amiral Wemyss spoke during the two sessions. The Germans were permitted to ask questions, but no discussion was allowed. Vice Admiral Wemyss will return to Paris tomorrow.

GERMAN PEACE ENVOYS NOT PLENIPOTENTIARIES

[ASSOCIATED PRESS TELEGRAM]

Weimar, March 14.—All the German delegates to the peace conference will be on an equal footing, although Count van Brockdorff-Rantza, the foreign minister, will be their leader. The minister will not have the power to make final decisions, that being vested in the German cabinet. It will be accompanied to the conference by a large although as yet undetermined group of experts, clerks and secretaries.

The selection of the peace conference delegates was reached after a long cabinet meeting which began Wednesday and lasted far into the evening. True to President Ebert's announcement at the time of his election, Count von Bernstorff will not be a delegate although there has been great pressure brought to bear to have him named. This was partly frustrated by information received from abroad through Americans here that the choice would be rejected by the entente powers.

It was only a month ago that Von Bernstoff was openly planning to go. Those aroused him had to be convinced it would be a grave mistake on Germany's part to appoint him.

The date of the departure of the delegates is not as yet fixed. March 25 which has been frequently mentioned as the date for the preliminary public here as the time for the first meeting. The appointment of Count von Brockdorff-Rantzau, Dr. Edouard David and Eren Max Warburg was no surprise also they had been frequently mentioned but that of Herr Giesberg, minister of posts and telegraphs in the Prussian ministry was unexpected.

NAMES DEPUTY TO ENFORCE DOG LAW

Sheriff Places Work in Hands of R. S. Bonham to Execute New Tax Law.

Sheriff E. A. Bryan has appointed **R. S. Bonham** as an extra deputy and **his duties** will be to look after the **enforcement** of the dog law. Under the **provisions** of the law every dog must **bear a tag** and every owner of a dog **is required** to pay this tax into the **office** of the county auditor and he is **then given** a tag which is placed upon **the dog's** collar.

This provision was deemed necessary when the legislature framed the law for the taxation of dogs in order that no dog in the county should escape the payment of the tax. Up to date leniency has been exercised by Sheriff Bryan in order to give full opportunity to every dog owner to pay the tax on his dog or dogs and receive the prescribed tag for the dog's collar.

Sheriff Bryan finds there are 2,000 dogs in the county on which the tax has not been paid. The law requires that all such dogs shall be impounded and that then if the tax is not paid by the owner the dogs must be killed. Whenever this is necessary in consequence of the non-payment of tax it will be done in the most humane manner possible.

COURT HEARS CLAIM FOR PERSONAL INJURY

In common pleas court, Friday, the court and a jury in common pleas court took up the trial of the case of Susan Clouse vs. The Ross. Weiss Co.

Plaintiff asks compensation for damages for personal injuries sustained in May, 1915, by reason of falling down a stairway in the rear of defendant's premises at Johnstown. She claims that the stairway was negligently kept open, and that while she was a customer at the store she stepped in the open cellar door and fell in the basement.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble, Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach **accompanied** by that full, bloated feeling after **eating** are almost certain evidence of **the presence** of excessive hydrochloric **acid** in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because **too much** acid irritates the delicate **lining** of the stomach, often leading to **gastritis** accompanied by serious stom**ach** ulcers. Food ferments and **sours**, creating the distressing gas **which** distends the stomach and ham**pers** the normal functions of the vital **internal** organs, often affecting the **heart**.

It is the worst of folly to neglect **such a serious** condition or to treat **with ordinary** digestive aids which have **no neutralizing** effect on the stomach **acids**. Instead get from any druggist a **few ounces** of Bisurated Magnesia and **take a teaspoonful** in a quarter glass **of water right** after eating. This will **drive the gas**, wind and bloat right out **of the body**, sweeten the stomach, neu**tralize the excess** acid and prevent its **formation** and there is no sourness or **pain**. Bisurated Magnesia (in powder **or tablet form**—never liquid or milk) is **harmless** to the stomach, inexpensive **to take** and the best form of magnesia **for stomach** purposes. It is used by **thousands** of people who enjoy their **meals** with no more fear of indigestion.

SWISHER LOSES CASE ON APPEAL

Appellate Court Affirms Verdict of Common Pleas Giving Chas. Donaldson $1666.

The court of appeals today filed with the clerk of common pleas court an opinion in the case of Charles Donaldson against John Swisher, et. al., affirming the common pleas court.

This case was tried before Judge Fulton in common pleas court and resulted in a verdict for the plaintiff for $1,666.66.

Swisher took the case to the court of appeals on error and it was presented to the court of appeals at its last session in this city two weeks ago.

The suit grew out of an automobile accident on the Wilkins Run road two or three years ago and on which accident the plaintiff had a horse killed and received personal injuries to himself.

BOWLING DELEGATES WILL NAME OFFICERS

[ASSOCIATED PRESS TELEGRAM]

Toledo, March 14.—Delegates to the American Bowling Congress will meet at 2 o'clock this afternoon to elect officers for the ensuing year and decide upon the place for holding the next tournament.

A large delegation is here from Peoria, Ills., and it is said to be probable that that city will be awarded the 1920 convention of the bowlers. Buffalo and St. Louis also are bidders.

President Robert W. Brown is slated for re-election. Secretary A. L. Langtry of Milwaukee, and Treasurer Frank G. Pasdeloupe of Chicago, were elected three years ago for 10 years.

Out of town bowlers, some of them the best in the country, continue to fail to reach the high mark set by Toledo bowlers early in the week. The Waldorf hotel five still is leading in the five men event with 2823. High in the doubles is 1225, and 683 is the top figure in the individuals.

Competition in the two men and individuals will begin at 9 o'clock this morning.

On the early squad of five men teams tonight two are from Toledo, two from Cincinnati, six from Toronto, three from Milwaukee, one from St. Catherines, Ontario, one from Detroit and one from Akron.

Among the teams on the first shift is the Saunders of Toronto. Sam Schliman, winner of the individual event at Toledo three years ago, is a member.

Nine Chicago fives will appear on the late squad tonight. There also will be one from Buffalo, two from Cleveland and Grand Rapids and one each from Cincinnati and Toledo.

CZECHS REFUSE TO LEAVE DISPUTED LAND

[ASSOCIATED PRESS TELEGRAM]

Warsaw, Thursday, March 13.—Notwithstanding the request of the interallied commission, the Czechs have refused to exacuate part of the region near Teschen which they have recently occupied and the situation seems to be delicate. The Czechs rejected the proposals of the commission and claimed that the commission was incomplete as a result of the departure of General Grenart, a French representative for Paris and of Professor A. C. Coolidge, an American delegate for Warsaw.

As a result of the **occupation** of the region by the Czechs, it is said that a part of the Polish miners there are out of work and that unemployment threatens to spread throughout the whole district.

KERN FIRE INSURANCE CASES ARE SETTLED

The case of the Hanover Fire Insurance Co. vs. A. O. Kern, and the Mechanics' and Traders' Insurance Co. against the same defendant, judgments of settlement were entered, the parties adjusting the controversy without a trial to the jury. The suits were brought to recover back fire insurance money paid.

AUDITORIUM.
Last Night's Play.

Mitzi, in "Head Over Heels" captured Newark last night, or the greater part of it for the Audience theatre was packed from pit to dome, every seat in every part of the house having been sold out hours in advance before the doors opened.

Henry W. Savage's little human dynamo, is one of the youngest stars on the American stage, and she is one of the most clever. From the moment she crawls through the transom over the door and makes her initial appearance she holds her audience until the last drop of the curtain and "finis" is written on a most delightful evening.

Mitzi's quaint sayings and her acting as a member of the Bambinetti troupe, when she first arrived in this country, were truly enjoyable, but it was her song numbers that assisted in placing the little star in the affections of her audience. Her voice was not strong, but pleasing and sweet and "Mitzi's Lullaby," which ran through the play, carried off the honors.

The Bambinetti troupe was over-advertised and the audience expected more They did but little, but that was all that should have been expected as Mitzi is the whole show and the audience was only satisfied when she was on the stage Robert Emmett Keane, as the nervy press agent, had a line of comedy that took immensely, and he was more than pleasing throughout the entire play.

Charles Judels as Signor Bambinetti is an old time comedian and he was truly cast for his part He gave it that interpretation which could be expected from one who has been cast with the big eastern productions for a number of years. The others in the cast were exceptionally clever and it was a well balanced company.

The scenery gave one the impression that it had just come from the studio and it was truly a relief from the many daubs that are imposed upon the public, and the costumes were all bright and fresh, in fact there is no criticism which could be offered or no apologies necessary for any part of the Mitzi show

The Unmarried Mother Tonight.

Miss Redge who will be seen in the role of "Beth" in "The Unmarried Mother," which opens its engagement at the Auditorium theatre two days commencing Friday, says the question of the hours is, What about the wives they leave behind? "Don't they deserve a little communal consideration? Everybody is thinking of the moral welfare of the men at the front, but don't let's forget the temptations and lures likely to beset vain and silly women. Soldiers allowances will keep the wolf from the door—some way must be found to hold the curs at bay, too. Never fear but what they will come prowling around to take aavantage of loneliness and recklessness. Cads are without scruple in peace or war—cowards capable of blighting a life under any circumstances will run true to form on all occasions Europe cries out to us to profit by her sordid experience with these social traitors. Be attentive to your absent neighbor's family.—to his bride, to his sister. Visit them—entertain them, forestall pernicious acquaintances by introducing them to the nice people in your own circle. Have them at your parties—take them to the theatre and do your duty by at least one defender of the flag Join "The Home Guards."

Matinee for Ladies Only.

The Poor Rich Man.

Meeting with even greater applause than usual, Francis X. Bushman and Beverly Bayne are to appear at the Auditorium theatre Sunday in their latest Metro play, "The Poor Rich Man," a five act romantic drama by Elaine Stern.

In accordance with their policy since the beginning of the war these two famous players have striven to give their vast audiences only such plays as would tend to enliven and stimulate—anything morbid or valculated to depress those who seek relaxation and amusement in the theatre has been barred and consequently the public has come to link the names of Francis X. Bushman and Beverly Bayne with appealing and delightful romantic dramas of the highest type. In "The Poor Rich Man," they were not disappointed and the packed theatre yesterday showed the thorough appreciation this clever play received.

HERBERT RAWLINSON
Featured with Sylvia Breamer in J. Stuart Blackton's great screen production, "The Common Cause."
At the Grand, Monday, March 7.

The plot centers around a western girl, full of the breeziness of her own Arizona, for which state she was named, and Vantyne Carter, son of a New York soap manufacturer who is making bubbles of his father's millions.

A comedy is also promised.

Billeted.

An number of inquiries have been made at the box-office of the Auditorium as to the meaning of the word "Billeted," the title of Margaret Anglin's comedy in which she will appear there next Monday evening. For the benefit of inquiring minds and the general public, it may be stated that the word "Billeted" is defined in the Standard dictionary as "a term applied to soldiers or military men quartered or lodged in a private household. When Miss Anglin first produced the play last season it was called "Lonely Soldiers," but when she began her long New York season she resolved to employ the original English name "Billeted" under which title the comedy ran for over a year at the Royalty theatre, London Miss Anglin played the comedy for three months in New York and six weeks in Chicago, where she might have remained indefinately. This is one of the few cities to be played by Miss Anglin on her present tour. Seats are now selling

"The Bird of Paradise."

The importance of atmosphere in a play is very forcibly illustrated in the success which has attended the production of Richard Walton Tully's play "The Bird of Paradise" which comes to the Auditorium theatre Wednesday, March 19. Its most valuable asset is its atmosphere the indolence the languor the dreamy passion and the careful simplicity of the clime and temperature of the Hawaiian Islands. The story of the plot concerns itself with the subject of intermarriage of the race. For a time it was the question of the mixture of black and white, with Dion Boucicault's favorite old drama, "The Octaroon" as a brilliant example. Then, not so very long ago, there followed a series of plays in which the Indian and white man figured—"The Squawman," "The Strongheart" and a few others being the notable examples. Then came Mr. Tully with the problem of intermarriage of a Caucassian and a Malay—and all the pother was again revived.

"The Bird of Paradise" does not depend on its plot alone for success. It has a more important feature that of novel and original atmosphere, which gives it distinction and which marks it with a flavor of its own. In the production and casting of the play Oliver Morosco is said to have realized this to its fullest extent and has supplied an irresistible attractiveness to the piece. Consequently it has been a phenominal success and has continued to maintain its popularity even beyond its first appeal.

Seats go on sale Monday a.m.

ALHAMBRA.
"The Turn of the Wheel."

Auspiciously Geraldine Farrar makes her first appearance in Goldwyn Pictures. The international celebrity comes to greet her Newark friends today and tomorrow at the Alhambra in

At the Alhambra Today.

"The Turn of the Wheel," a play of today which affords her a role replete with splendid dramatic opportunities in a production on which Goldwyn has lavished all the magnificence at its command.

At the pinnacle of her popularity, Geraldine Farrar stands alone. She has conquered the world of motion pictures as easily as she thrills Europe and America with her voice. She is the only operatic star who has brought her high estate to the silent drama and held it.

Geraldine Farrar stands for all that Americans love. Her wonderful career, beginning with her arrival in Europe, untried and unknown, her subsequent triumphant debut and the night she returned and took New York by storm—in all this the world sees the pluck and art of an American girl surmounting tremendous obstacles. And the public adores Geraldine Farrar for it.

Her appeal is restricted to no one class. She crowds the vast Metropolitan opera house as easily as she packs the small town picture theatre. She is the favorite of the New York society woman as she is the idol of the young girl who has never heard her velvet voice. Geraldine Farrar reigns supreme as the incarnation of American youth, beauty and brains. And Goldwyn promises to present her great gifts to the motion picture public as they have never before been offered.

In the "The Turn of the Wheel" Miss Farrar as Rosie Dean is seen in one of the best roles of her career.

"God's Man."

H. B. Warner, who will be recalled as the star of the stage production "Alias Jimmy Valentine," in which he toured the country for five successful years, and more recently for his screen portrayals in "Shell 43," "The Vagabond Prince" and "Wrath" of the "Seven Deadly Sins," has been secured to portray the leading role in "God's Man," that of Arnold L'Hommedieu.

The story is one dealing with the trials and vicissitudes met with by young Arnold L'flommedieu in his ever prevalent desire to aid his fellowman, and the resultant disgrace and degradation which come to him. Beginning with his expulsion from college, he is dragged through the business whirl of New York, the night life, the tango parlors, the cafes; into the smuggling of deadly drugs, and down until he is at the bottom of the pit of despair. Then, guided by the teachings of an old hermit philosopher, he is lifted back to the lanes of decency and to the dawn of the light of righteousness, God's light, to the ultimate finding of happiness and the love of a true woman.

"God's Man" has been freely and forcefully proclaimed by press and public alike of New York and other Metropolitan centers in which it has been exhibited, as an epoch making motion picture reproduction, which tells a stirring story and carries a wondrous moral teaching.

Through the efforts of Manager Fenbers of the Alhambra theatre, to secure for his audiences those productions which are making history in motion picture progression, "God's Man" has been booked for showing to the populace of Newark at the Alhambra theatre for Sunday. A comedy is also promised.

"The Sign Invisible."

Edgar Lewis known in moving pictures circles as "The Master Producer," is the man who made "The Sign Invisible," which is to be shown at the Alhambra theatre Monday and Tuesday. Mr Lewis, among whose more recent productions may be mentioned "The Barrier," and the "Bar Sinister," is one of the most interesting personalities in the picture world Born in Missouri, reared on the borders of the then "Indian Nation"—now Oklahoma—Lewis reached the movies after varied experiences, being in turn sailor, cook, waiter, tramp and actor. He mentions the latter two occupations together

He soon fought his way to the front after he broke into the picture business which was at a time when nerve and force were as important as dramatical perquisites as brains. That he has the latter is proven by the fact that he is perhaps the only director in the industry who is at present working entirely on his own capital. He credits his wife—"my partner" he calls her—with much of his financial success, for during the years he worked on a salary—and it must have been a good one she took care of it while he earned it

The Sign Invisible" has been purchased by the First National Exhibitors' Circuit, whose purchasing board, all of whom are prominent and successful showmen, should know a good picture when they see one.—

A Mutt and Jeff Cartoon is an added feature

GRAND.
Friday.

Fourteen great artists, besides these, there are in the production a number of the most noted actresses of the present generation, appearing in the prologue and epilogue that register so strongly the sublime theme upon which the "Common Cause" is builded, these women, who add lustre to an already brilliant array of artists are "Marjorie Rambeau," portraying the role of "Columbia." "Julia Arthur," one of the most famous living actresses, appearing as "Italy;" Irene Castle, famous dancer and screen star, in the inspiring role of "France;" Effie Shannon, star of many years of Kelcey and Shannon, symbolizing grief-stricken "Belgium;" Violet Heming, stage and screen star, a guardian of civilization "Britannia" a beautiful prologue and a picture of the hour.

GEM.

William Farnum, in his biggest motion picture success, is coming to the Gem theatre tomorrow Those who have already seen him in "A Man of Sorrow," may see him once more as Jack Hewlitt, the great lover. This picture, revised and made bigger and better, will be shown under the new title of "Hoodman Blind."

Those who missed seeing William Farnum in the appealing role of Hewlitt, when the picture first was shown will have the opportunity of seeing the William Fox star at his best in the improved version of the picture. "Hoodman Blind" is one of the Great Nine pictures—a genuine film banquet.

LYRIC.

The bill at the Lyric theatre today is promised to be up to the same high class as those already given. "The Bootlegger" yesterday was one of the funniest seen at this popular play house. There was considerable fun and amusement afforded in the old time barn dance in which everybody in the company participated.

ALIEN COLONIES.

The big majority of the foreigners who come to this country show an eager desire to Americanize themselves. They are pathetically anxious to acquire knowledge of English. Many of them make a record of patriotism in the late war that set an example to the native stock.

But all over the country you can find certain localities where the aliens show no desire to adjust themselves to American standards. Their purpose is to return with their dollars to the old country. Frequently they rent farms and raise quick money crops that bring quick speedy returns while exhausting the soil.

A Nebraska man in a recent newspaper letter gives his views about it. In his locality 50 per cent of the farms are held by Russians. They cling to old customs, are rough in talk and habits, and a demoralizing influence in the schools. He asks for laws making it illegal to speak foreign language either in public or private.

That of course is action so radical that none of the states would be likely to adopt it. It will be a wiser policy to approach these people in a more friendly way, and show them what they are missing by their aloofness.

The American people have little use for the foreigner who comes in here to make money for a few years, and then run with his bag of dollars. It will be much more hopeful to organize new forces of labor supply among boys and women, than to depend on those whose only desire is to take wealth out of the country.

This type of immigrant should be made to realize that he will get no favors until he takes out naturalization papers, makes an effort to learn English, and settles down to permanent citizenship.

FINDING RIGHT JOB.

There are many professional men who should be working at a bench. Many farmers and mechanics, struggling with limited opportunities, with appropriate education could have reached high position in the technical world. In every calling are men who are not adapted to it, and could do better elsewhere.

Yet some people who get this idea in their heads go always drifting around in search of something better. They never attain any success because they never stick to anything. It is a very difficult thing for a man to determine what his best aptitudes are. Many people fritter away their whole lives in their blundering experiments.

When one finally succeeds in making a correct estimate of his own aptitudes, he has taken the first step to success. An interesting illustration was given in one of the recent bulletins of the United States Employment service. They recently found work for a Nashville, Tenn., mechanic, who had been employed for $60 a month. In the new job better adapted to his individual abilities, he was earning $60 a week.

How shall I know whether I am adapted to certain work or not, is a question easier asked than answered. If work seems interesting, that is one sign that one is adapted to it. If one finds himself able to surmount its difficulties while others fail, it is another indication. If one likes to talk about it and study out its problems, that is a still further proof that one is on the right track.

But the people who are looking merely for the short hours and an easy life do not usually find out what their aptitudes are. Consequently they never get far. Success comes to those who ardently desire it, and who spend much thought trying to find the path up which they can best climb.

BIRD AND ARBOR DAY.

(By O. C. Larason)

Conscious of the dearth of growing timber in his state, and that in the country as a whole, the consumption of timber was double that of production, the governor of Nebraska in 1872 set apart a day to plant young trees and named it Arbor or Tree day.

The observance of this day proved so successful that many other states soon adopted a similar day annually, and Governor Cox has designated April 4 as Bird and Arbor day of this year.

The universal observance of this day through a series of years has found some school grounds, public streets, and private dooryards with a superabundance of shade trees where it would be impracticable to plant any more. But such conditions only make the observance of the day more imperative by broadening the scope of the work.

The observance of this day should consist in planting young trees where needed; removing old and decaying trees that are liable to be blown down during a windstorm, thus endangering life and property; removing alternate trees where standing so close together as to interfere with the life, growth and development of each other; pruning trees with overhanging branches that obstruct street lights from shining from one cross streets to another, making the street dark of nights, inviting footpads and even dangerous to vehicles, pruning the lower limbs of trees, large and small that are growing near sidewalks, that interfere with carrying umbrellas and even hats of pedestrians; and rendering a well-arranged literary program.

It would be well if fruit trees growing anywhere and orchards were carefully examined on or about this time, and all visible pests and the larvas just below the surface of the ground in peach trees, be destroyed. The most harmful animals to trees are rabbits, rats, mice and goats.

A few years ago Bird day was added to the caption, and very appropriately, too, for they destroy insects that are injurious to trees, fruit and garden nad truck vegetables. As to the number of all animals about nine-tenths of them are insects.

Birds may be divided into two general classes—harmful and beneficial. To the first class belongs the English sparrow, some of the hawks and those birds that do more harm than good. The beneficial birds are quail, humming birds and very many others; also, those whose good habits predominate over their bad ones. Some persons put the crow, bluebird, blackbird, and some others in the doubtful list, while others with possibly better reasons, do not.

A good instructive, educational literary program well-rendered, is one of the greatest assets in the observance of Bird and Arbor day and should not be overlooked. This should not be expected of schools only, but families, community centers, granges, churches, Sunday schools, clubs chamber of commerce, city council, and fraternal orders, should each render a program. Not necessarily on Arbor day, but on different nights during the week and week preceding, thus enthusing and educating the people up to the importance of the general observance of Arbor day.

It has been suggested to name the trees planted in honor of our soldier boys. This would be a patriotic and appreciative thing to do. But where there are no trees to plant, you are reminded that there are thousands of nameless trees already growing that might be dedicated and named in their honor with a brief and appropriate program at the tree. Similar proceedings should be observed in planting trees.

Of the many animals that destroy insects, worms lice and bugs, we are tempted to mention the ugly, repulsive, warty common toad. Its domestication ought to be encouraged. One in a door yard and several in the garden and truck-patch will destroy millions of the most harmful vermin. In some parts of Europe it often sells for $10 each. Its demand becomes greater as a country grows older.

Providence has favored humanity in the gift of the toad family which includes various kinds of toads and frogs, all of which are in the beneficial class. Our common toad forages on insects during the summer and hibernates in mud or under some object in winter. Dogs and cats will not disturb it on account of a secreting though not poisonous secretion it exudes from two glands at the back of its head. The old story that the handling of it produces warts on the hands is an error. It sheds its skin annually then swallows it. Its defense against snakes its greatest enemy, is to enlarge its size by inflation and that sometimes proves unsuccessful.

Its tongue is fastened to the front part of the jaw and when not in use hangs backward and is covered with a sticky substance to assist in catching its prey. It throws its tongue out with such terrific rapidity that nothing with legs to walk or crawl backwards with its metaphysics of eyes can escape.

The toad seems to enjoy snaring its prey as much as a boy does in fishing. It is very tenacious of life. One was found in California two years ago, when workmen were blasting rock, that had been entombed there for a century and as soon as liberated went to catching insects and in a short time filled up to nearly three times its former size. It was given to a museum in Los Angeles.

We should all study to the toad for a time would not seem entirely wasted without acknowledging our appreciation of the work it performs both old and young. Toad and Arbor day.

Did You Know

That bronze is an alloy composed wholly or chiefly of copper and tin, in variable proportions? It has been used from a very early period. The addition of tin to copper gives rise to a product more fusible than copper and better suited for casting. The alloy is also harder and less malleable. With seven parts copper to one part iron, bronze is very hard, brittle and sonorous. Soft bronze, which bears rolling and drawing, is generally composed of sixteen parts of copper to one of tin, while a flexible, tenacious alloy, good for nails and bolts, is made of twenty parts of copper to one of tin.

AMERICA.

(By Martha Evans, St. Louisville.)

Oh, America your name will ring with a praise and glory unparalled in the annals of history.

The music of your deeds will echo and re-echo from continent to continent, from ocean to ocean, until we almost hear the celestial choir chanting the words: "My Country, tis of thee sweet land of liberty, of thee I sing."

How many in this favored land of ours know that America was given us in answer to prayer; that the Declaration of Independence was signed with a benediction of God's blessing; and that the Constitution of the United States was sealed with prayer?

Let us suppose for a moment what our condition would be if every trace of Christian religion were removed from our land, every church, every christian institution, everything that tends to lift us above the brute creation. What, in a few years, would be our condition? Would we not out rival Germany in distress? The wilds of Africa would scarcely be darker than our land without God.

It has been stated (by good authority) that if there had been one true christian church in Germany this great trouble would have all been averted.

The ungodly, the profane, of our country have no conception of what they owe to the influence of Christianity in our midst. But the time is coming when God's name will be recognized by all, if not reverenced by all. There is no limit to His power. If war and disease will not humble us there are other ways in God's hands.

AMELIA E. BARR.

(Cleveland Plain Dealer.)

The death of Amelia E. Barr at her home in Richmond Hill, N. Y., on Tuesday removed a unique figure from the field of American literature. From her early childhood she had devoted herself to writing, and on the threshold of her eighty-eighth birthday was planning new work. Yet, strange to say, she was 55 before she established her name with her first novel, "Jan Veder's Wife." With that story and "The Bow of Orange Ribbon" her success as a writer of sentimental historical novels was assured.

Sixty-one stories followed these pioneers, the latest appearing last fall. With them Mrs. Barr established a school of readers who were sufficiently numerous to bring her not only widespread popularity, but a full measure of prosperity as well.

Besides the stories this remarkable woman wrote poems and brief tales and magazine articles. "Writing," she once said, "must be based on a background." Amelia Barr's stories were simple and direct narratives. Problems did not interest her. A moral purpose was interwoven with all her plots, and whatever may be said of the enduring literary value of her books, there is not doubt that they interested and charmed and sometimes uplifted countless thousands, of systematic grind if it is to amount to anything." And this was uttered by the mother of 15 children.

REVILING OTHERS.

(Ohio State Journal)

There is an ugly habit home people have of suggesting a fault when they hear some one praised, especially if he be a well known person. The usual expression is "Yes, but if" and so the disparagement runs. He is a mean man who cannot hear good of one without making an effort to disparage him. It would be a far better practice to praise the good in a man than to denounce the evil. If all were to speak well of a man when it is just to do so, the community sentiment would be much improved and the speaker would feel a pleasing response to his good words. There are people in this town who do infinite harm by saying mean things of others and they harm themselves quite as much as they do those they unkindly mention.

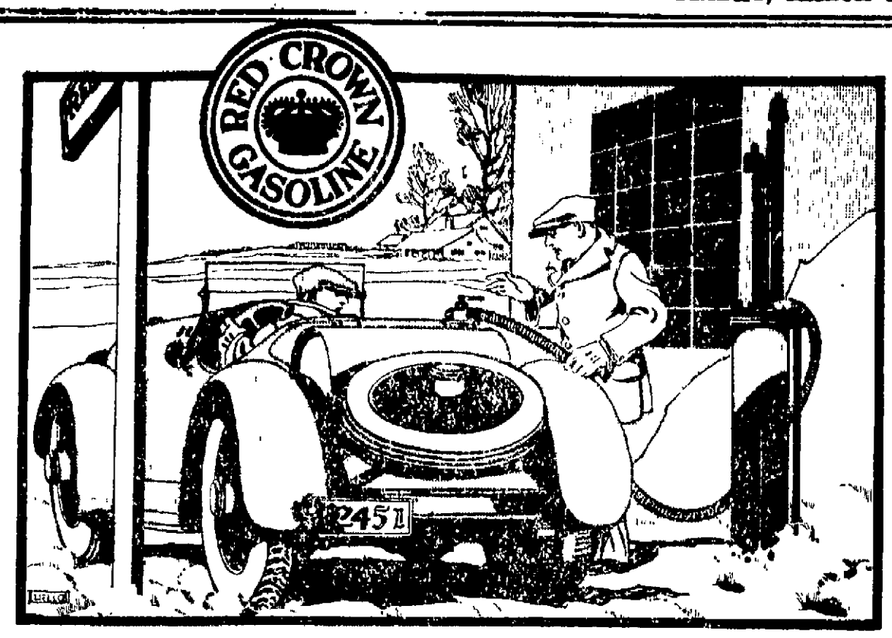

WORSE THIS SPRING

Owing to Run-down Condition Caused by the War.

Anxiety and worry have a bad effect on the nervous system, and derange the bodily functions, especially digestion and excretion. Who escaped them during the war? They have made nervousness, paleness, lack of vitality worse this Spring.

The very best medicine to take now is Peptiron. It strengthens and tones the nerves. It gives a good color to the lips and cheeks. It is the great vitalizer, giving healthy activity to all the vital organs.

This good medicine, which is a real iron tonic, makes the blood rich in red corpuscles, an abundance of which is indispensable to perfect health. It promptly relieves mental and physical exhaustion, excites an appetite, and promotes good refreshing sleep. Peptiron is in the form of chocolate coated tablets and is pleasant to take.

The Kind of Peace League the Republicans Want

While the New York *Sun* (Ind.) says that "President Wilson's plan is dead," after thirty-seven Republican Senators had signed a round robin declaring that the Constitution of the League of Nations in the form now proposed should not be accepted by the United States, the Baltimore *Sun* (Ind. Dem.) reminds us that the "leading Republican critics of the proposed constitution have not put themselves on record as opposed to any League of Nations but merely to the particular plan now before the Peace Conference. And Senator Capper, (Rep.) of Kansas thinks that "the cuffing and buffeting President Wilson's League of Nations plan is getting, is a good thing for the President and for the country," and in the end "the League of Nations is coming as certainly as daylight follows darkness," according to *The Atlanta Constitution* (Dem.).

"The Digest" In High-Class Hotels

Managers and owners of high-class hotels throughout the country are making THE LITERARY DIGEST a necessary part of the equipment of their reading rooms. The average family of guests in a big hotel is drawn from every section of the country and in selecting the "Digest" as the favorite magazine shrewd judgment is exercised because THE LITERARY DIGEST, "all the magazines in one," is a real economy and being neither local nor sectional in its appeal, "fills the bill." Every hotel guest who reads it, no matter whence he came, is sure to find it suited to his needs. It gives the casual searcher for information just that crisp, newsy, condensed summary of national and world events of the moment that he needs. At the same time it gives the careful student of events just those authoritative view-points that he requires. As it is neither biased nor parochial it suits everybody and pleases everybody.

Mrs. Isabelle Dennis.

Mrs. Isabelle Dennis, aged 64, of New Concord, died at her home there at 12:30 o'clock, Thursday afternoon, following a lingering illness of hardening of the arteries. She was a member of the Presbyterian church and is survived by the following children: Mrs. Chas. Keith and Mrs. W. T. Trace, both of New Concord; Mrs. S. O. Bentz of Ashland, Mrs. C. A. Johnson and Mrs. Orrel Sattle, both of Newark, and Mrs. Chas. Taulson of Chicago, Ill.

Funeral services will be conducted from the late home at 3:30 o'clock, Sunday afternoon, by Rev. H. M. Campbell.

SOCIAL AFFAIRS

The members of the El Nedo club were entertained, Wednesday afternoon, by Mrs. W. H. Cook at her home, North Cedar street. The afternoon was spent in needlework. Dainty refreshments were served the members and one guest, Miss Nellie Yost of Thornville.

The Willing Workers will meet at the home of Miss Dorothy Sain 376 West Locust street, Saturday at 2 p. m.

Review club will meet Saturday afternoon at the home of Mrs. John Tucker, East Main street. Miss Kate Forry will talk before the club on her work with the Red Cross in France.

A meeting was held at the home of Mrs. Wm. Grisby in South Fifth street on Thursday afternoon and plans were made for re-organizing of the F. W. W. club, which had disbanded for the duration of the war. The club was organized in January, 1914, and for three years was successful, both socially and financially. The official statutes will remain the same. The election of officers and the discussion of the juvenile membership will take place at the home of Mrs. Clyde Priest on March 27.

The following charter members were present: Mrs. James Ellis, Mrs. George Hibler, Mrs. Oscar Vermillion, Mrs. Martin Hollister, Mrs. Ernest Frosh, and Mrs. Clyde Priest.

At the close of the meeting a dainty luncheon was served by the hostess.

A series of socials and dinners will be given by the Woman's Relief Corps to prepare for a reception and dinner for the soldier boys as soon as all return.

Our Boys and Girls

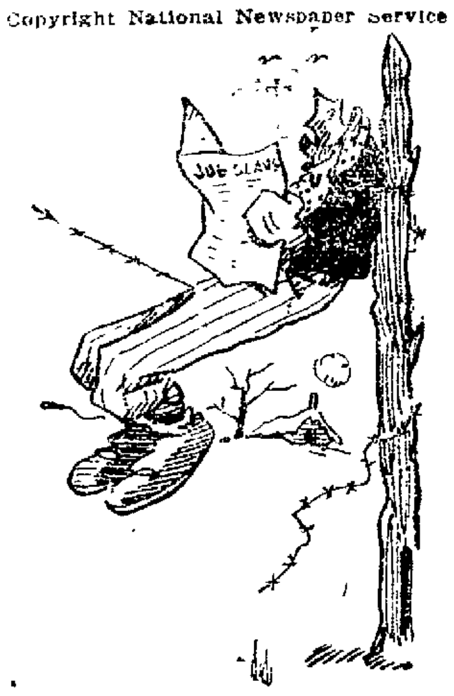

Obedience with a child should be instinctive. The child should be trained to strict obedience from the very first. If based on sympathy, obedience will become a habit. Nagging should be avoided and the child given as much freedom as possible. Above all fear should not be used as a means of training. Give your child your love and friendship, respect his curiosity and answer his questions. Try to understand him and encourage his efforts but do not spoil him with undue admiration.

Be brave for your child taking care lest in shielding him from danger, difficulty and misfortune you render him unable to meet them successfully. If growth, and it is, is the main business of the infant, well chosen play is the main business of the growing child.

Through play he learns to develope his powers, to work generously to and for others. He also gains the experience of success against odds, and learns the principals of fair play. Remember that every child needs a companion yet should have the opportunities to be alone. Above all give your child the privilege of a good example in all you do or say.

PULL TOGETHER FOR BLESSINGS OF A HIGH ORDER

Nerv-Worth and Nerv-Worth Laxative Tablets Do Wonderful Team Work.

These two famous family medicines unite their forces with happy results for those whose nervous ills are mixed up with stomach, bowel and liver trouble. Nerv-Worth, the liquid, generally masters derangements of the liver and bowels, but in some cases these are too deep-rooted to surrender quickly and then the Tablets, taken in conjunction with the liquid, do wonderful work. They are especially valuable in cleansing the bowels for those whose habits of constipation do not readily yield to the laxative properties of Nerv-Worth, the liquid. A bottle of Nerv-Worth and a 25-cent box of the Tablets form a combination without equal in overcoming ills of the nerves, stomach, bowels and liver.

RHEUMATIC AGONY PITEOUS AND PAINFUL NOW EASILY ENDED

James H. Allen of Rochester, Once a Cripple, Now Strong and Robust, Gives Secret to Sufferers.

It does not matter to me whether you are disabled with cursed rheumatism or have only occasional twinges, I know that Allenrhu, my own discovery, will stop the agony, do away with the gnawing pains and reduce the swollen joints.

I know it will dissolve the uric acid deposits that have become deeply imbedded in joints and muscles and quickly drive every trace of rheumatism from your body. I know this because I was crippled for years and many times was unable to work, and Allenrhu made a well, robust, healthy man of me.

I know because since I cured myself, hundreds have taken Allenrhu and speedily rid themselves of this agonizing disease.

No matter how severe your case, I urge you to put your faith in the prescription that it took me years to perfect, a prescription that made a new man of me after doctors tried and failed.

Allenrhu is so [illegible] it starts right in at once, it gets into the blood, [illegible] the poisonous uric acid deposits and [illegible] starts to drive the concentrated impurities that cause them [illegible] of the body through the [illegible] channels.

[illegible] this column [illegible] druggist [illegible] Allenrhu doesn't rid [illegible] drug store. (Adv.)

THE COURTS

Common Pleas Notes.

In the case of Wm. M. Sutton vs. Vall Messholder, the court heard the arguments of counsel and the case was submitted. The suit is brought to enjoin the removal of a school building in Jersey township, the board of education having sold the school building to the defendant.

In the case of Joseph Orr vs. Ora E. Lampton, a suit to recover damages on account of an automobile collision, a judgment was entered in favor of plaintiff for $150.

In the case of W. B. Vance vs. Rees R. Jones, leave was given to make new parties, and trial passed.

Judge Kyle has received a letter from Chief Justice Nichols complimenting him upon the work done here, and asking if he cannot remain longer. Judge Kyle will examine the condition of the common pleas docket in Green county, and if he can do so will return here in May or June for about three weeks.

OHIO BRIEFS

Columbus—Last year, Mrs. Edna Weider, wrote a personal letter to General Pershing asking him to make an effort to "get my boy back." Homes Weider, aged 15, had been captured by the Huns. He was not released until after the armistice was signed. He was held by the Germans six months. He arrived home this week and on his shoulder was fastened a citation cord which represented ten citations for heroism.

Cambridge—While conversing over the telephone with her daughter Wednesday afternoon Mrs. John R. Curtis, 52, was stricken with apoplexy and her death followed a few hours later.

Mt. Vernon—Samuel Bartlett fell from his wagon at a gravel pit Wednesday afternoon.

Coshocton—Lester Lehman, 14, died at his home near Chili station Wednesday night, following a three week's illness from influenza. Death was caused by heart trouble.

Coshocton—Peter Rentel, local Greek confectioner died at the City hospital Wednesday morning of influenza and pneumonia.

The owl is a wise bird, but the crow never does anything without caws.

Every Day Etiquette

"What should a young lady say when called upon and handed a note of introduction by a young man, from a girl friend? Is it proper to read it in his presence?" asked Nellie.

"You should invite the young man in and read it in his presence," said her aunt. "Then shake hands with him and say that it gives you great pleasure to meet a friend of your friend. Then introduce him to other members of your family."

BOWSER IS VICTOR OVER JOE ALVINE

Newark Wrestler Makes Short Work of Heavier Opponent — Gallagher Loses Handicap Event.

Columbus, March 14.—Paul Bowser of Newark won in straight wrestling falls over Joe Alvine of Youngstown before the Quality club at the Chamber of Commerce last night. The first fall came in 20 minutes and 40 seconds and was taken with an arm-lock and crotch hold. The second came in much shorter time, being secured with a crotch hold in 4 minutes and 11 seconds. No toe-holding had to be done.

At no time after the first 10 minutes was the result in doubt, and it was only a question as to how soon Bowser could clamp on his much heavier opponent a hold that could get the answer. After several attempts to fix a half-Nelson, Paul finally got the Italian in a position where it was impossible for him to get away. Before the mixup ended the Newark grappler had fastened on Alvine the arm lock that brought the Italian's shoulder to the mat.

After a rest of five minutes the men came back for the second fall, and Bowser went after his man hammer and tongs. He took a crotch hold right off the reel, and time after time raised Alvine above his head and slammed him on the mat. This sort of severe work seemed to take the strength from the Italian and in the very short time of four minutes he was prostrate and apparently stunned from the rough manner in which he had been used.

The semi-final, in which Jimmy Gallagher of Newark agreed to throw both Ted Mack and Walter Hamilton of Columbus, resolved itself into a pretty contest. Hamilton finally winning when the Newark man failed to make good on his part of the handicap. Gallagher got away with Mack, who went on first pinning him in three minutes. He immediately tackled Hamilton, but found that he had a "bearcat" on his hands with the result that, although no fall was secured by either, Hamilton had all the better of the going and was awarded the bout.

THE HUB

THE MARKETS

Chicago Grain Review.

Chicago, March 14.—Fresh setbacks in the price of corn resulted today from general heavy selling in which commission houses took the lead. Opening prices, which ranged from 1¼c to 1¾c lower with May $1.33½ to $1.34 and July $1.24½ to $1.25½, were followed by a slight rally and then became weaker than before.

Oats weakened with corn. After opening [illegible] lower, with May 61¾c to [illegible], the market receded still further. Meanwhile, provisions were scored [illegible]. The bearish start as [illegible] food administration was [illegible].

Wall Street.

[illegible] Reversing [illegible] selling movement [illegible] active demand at [illegible] today's stock market [illegible] the second again leading at a [illegible] advance of 1 to 4 points [illegible] and shipping followed [illegible] of 2 to 5 points. California [illegible] among the [illegible] specialties at a 3 point advance. Equipment and tobacco also responded to further inquiry at substantial gains.

Speculative shares dominated the market throughout the morning, mainly at further advances, the professional character of trading was evident from the fact that dealings in distillers far exceeded the demand for any of the usual favorites. In addition to Distillers and Industrial Alcohol, the stronger features included General Motors, New York Airbrake, Atlantic Gulf, Marine, preferred; American Tobacco, Crucible Steel, Colorado Fuel and U. S. Rubber at gains of 2 to 4 points. U. S. Steel yielded none of its recent heaviness and St. Paul's featured the irregular heavy rails.

Boston Wool Market.

Boston, March 14.—The Commercial Bulletin tomorrow will say:

"The demand for wool for immediate requirements is keener and prices at the wool auctions have ruled somewhat higher this week. Scoured wools and wools of all descriptions have been in especially good demand, while there is a little better call for the medium wools.

"It is evident that the manufacturers are at length getting fair orders but they are apparently placing them with more or less fear of cancellations, notwithstanding the low prices named.

"The foreign markets are generally firm."

DEFENDS RECORD OF BIG RED BASKETBALLERS

Granville, March 14.—The university basket ball team will play its final game of the season Saturday night when the strong Wesleyan quintet will be met at Delaware. From the fact that when the team met earlier in the season the result was a victory for Denison, it appears that the Granville team will stand a good chance of duplicating its earlier performance.

There has been some criticism, this year that Denison scheduled few of its games on the road, playing mostly at home where the floor is adapted to the Denison style of play. It has been claimed that four teams, Wesleyan, Miami, Wittenberg and Ohio University could beat Denison on a neutral floor. Anyone making such a claim is entirely unfamiliar with the strength of the Granville quintet Denison defeated Miami and Wittenberg on their own floors, Wesleyan and Miami were both defeated at Granville and the Methodists will be met again this week at Delaware. Ohio university was defeated at Granville. Denison lost but two gomes this season, both to Akron, but it can be said impartially that no aggregation in the state had a harder schedule than did the Baptists. In regard to the fact that Denison is not a good road team one needs only to look at its record in the last four contests played, when victories were scored away from home against teams of such caliber as Cincinnati, Miami, Wittenberg and Oberlin, and all in the space of eight days.

What Did Congress Do to the Country?

Whether Vice President Marshall's accidental declaration that the senate was adjoruned "without God" was really the truth or a sad mistake, may perhaps be judged after a reading of the careful analysis of the "Deeds and Misdeeds of Congress" which The Literary Digest has been at great pains to prepare for its readers this week. This survey shows how congress made a new record for work done and also for work left unfinished.

Alkali in Soap Bad For the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage

You can get mulsified cocoanut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

No Substitute For Dodd's Kidney Pills.

That's Why Their Sale Has Increased Wonderfully for the Last Forty Years.

Don't accept a substitute for *Dodd's* when you know that if they didn't relieve and give permanent satisfaction they couldn't be selling to the same families for two generations. Thousands of users, who have saved themselves from the ravages of kidney troubles and Bright's Disease by the use of this famous old remedy, will accept nothing else. They know that upon the slightest backache, pain in the loins, stiffness in stooping or lifting, you must take warning and use *Dodd's* and *Dodd's* only.

You are protected by the name on the flat, round box—the name with the three D's for diseased, disordered and deranged kidneys. No article of similar name will do. Get your box today and start on the road to health. Druggists will gladly refund your money if not promptly relieved.

IS ON DUTY IN HUN FORTRESS

Corporal Wilson, Now In Germany, Comments On French Breakfast of Fish and Quart of Wine.

Corporal Charles Wilson was not impressed with the customs in France, especially when it came to making a breakfast of two fried fish and a quart of red wine. His outfit is now in Germany quartered at Fortress Ehrenbreitstein, the fortress being large enough to hold the whole 17th regiment. He wrote the following letter to his cousin, Miss Ethel Jackson:

"We have moved from Bendorf to the Fortress of Ehrenbreitstein, just across the river from Coblenz. The fortress is on top of a pretty high hill in the town of Ehrenbreitstein. The whole 17th regiment is quartered in it, so you see it is a pretty big place. I think it is a pretty old place. It is hewn out of solid rock and the fronts of the buildings have been built on. There are plenty of tunnels and high roads leading up here. One can walk over to the wall and look down on Coblenz and the river and at night when the city is lighted, it is a very pretty view. You see the boats moving up and down the river, all lit up and if you go up on the roof and up where the flag stiff is, you can see all around. You are up in the air some, when you get up there.

"Don't ever think or talk about living in France. If you could see how far behind the times the French people are, you wouldn't think of it anymore. They only have one or two cities that are anyways modern. In all the smaller towns and villages the horses, cows, chickens and people, all live in the same building and the upstairs is used for a hayloft. That is the soldiers' billet in France—these hay lofts.

"They don't eat anything, they live on red wine 'vin rouge'. It tastes just like weak vinegar and looks just like it. I had occasion to eat with a Frenchman one morning. His breakfast consisted of two fairly good sized fish (fried) and a quart of 'vin rouge.' That was all he had and he was a man of some means, too. This is the kind of grub you would be likely to get in this country, unless you would disgrace yourself like we do, and order what you really want. They take us for hogs, I guess, when it comes to eating. I know well that I couldn't exist on the amount of food that keeps them going. Their soldiers carry two canteens—one with water and one of 'vin rouge.' Also a loaf of bread; bread, cheese and wine is a typical meal for the soldier. The soldier gets his ration of wine and they raise the devil if it is delayed or anything like that. It is their main food. So if you intend to move to France you'd better start drinking vinegar so you'll be in shape when you get here. The United States of America is by far the best place in the world to live in. Paris is practically the only civilized place in the whole country. Their railroads (most of them) would be good playthings for the kids in the states. Imagine a box-car with only room enough for eight horses and packed in at that. Germany is much more modern than France; but neither one of them is modern compared with the United States. If some of the Europeans could get on the Shawnee 'dinkey' they would go so fast that they would die from lack of breath. That's no joke. I mean it. And if they could see the Trust building at home, they would lose their eyesight. Their homes are all one and very damp, with stone floors in the rooms.

"The people use wood and coal. (In France, mostly wood, in Germany coal.) They use candles for light, or oil lamps. Germany uses the most electric lights. Here in this fortress we have electric light, every other night. When the lights are off we use candles. That is what I am using now, to see what I am writing. They have practically no electricity in Luxemburg or Belgium. All over France one sees the 'old mill wheel' in action. They don't even have row boats. They scull their boats with one oar, operated like a rudder from the back of the boat. They pull their canal boats with horses. I haven't seen but very few mules. They pull their wagons with oxen. Oh! it's a great country."

PAINS AND ACHES YIELD QUICKLY TO SLOAN'S LINIMENT

Are you tormented by Neuralgia, Lumbago, Sciatica or any of those aches that require a counter-irritant? Then let the soothing, warming application of Sloan's Liniment stop the pain by drawing the blood away from the congested part.

It is the pressure on the nerves by the blood rushing to the inflamed muscle or joint that makes you ache. So when Sloan's Liniment relieves the swollen blood vessels by setting up a counter-irritant on the surface, the circulation is equalized, sympathetic nerves all soothed, and soreness or lameness disappears.

Sloan's Liniment is probably the counter-irritant most widely used to overcome painful inflammation in cases of neuralgia, sore muscles, wrenched joints, strains, bruises, gout. Rubbing is not required. This clear, clean liquid is easily applied as it does not stain the skin.

Runs Restaurant For the Doughboys In Rest Area For Army of Occupation.

Dick Curry, proprietor of City hall and Arcade barber shops received a letter from his brother, W. F. Curry, formerly of this city but who left here about ten years ago and located at Oswego, Mich., and who is now engaged in Y. M. C. A. work with the army of occupation. He describes his trip through a number of foreign countries. Parts of his letter follows:

"I spent four months in and around Chaumont, France, general headquarters of the A. E. F. and was there when the armistice was signed. After three months of strenuous work went to Nice and spent a vacation of ten days and it was surely a pleasant change from the rain and mud of Central France.

Nice and the Mediterranean coast is almost a paradise and the beauty and grandeur of the Alps-Maratime country cannot be discribed in words.

"Came from Paris to Coblenz, Germany by automobile and had a wonderful trip, through Chateau-Thierry, Verdun and Dun, crossing Belgium and Luxemburg and spent the two nights of the trip in Verdun and the city of Luxemburg. It may seem strange but I slept in the home of a Milwaukee woman in Luxemburg. She had married a Luxemburg baker and came back with him.

"Spent one week in Coblenz and was then assigned to leave area work here. This is perhaps the oldest and most historical city of northern Europe, having formerly been the old Roman city of Treviris and now known to all the world except Germany as Treves. It is on the Mosel or Moselle river, 102 kilometers from its confluence with Rhine at Coblenz.

"Am managing a large restaurant here and feeding over two hundred soldiers daily, who are here on vacation. It is stenuous but pleasant work. The pleasure is in seeing the way the soldiers appreciate table cloths, napkins, real dishes and the American and home like atmosphere we are able to create for them.

"Have a working force of 16 Germans and an American soldier as cashier. In addition to this work I do all the buying for another restaurant, a large hotel and a canteen. Just about a two man job but the "Y" is short of men here.

"Had planned to return to the states about April 1st, but doubt if I can be relieved by that time. May decide to arrange a two months leave of absence and return, as I realize the necessity of the work so long as the army of occupation is in Germany.

"Have been in eight countries since leaving the states viz: Canada, England, France, Monaco, Italy, Belgium, Luxemburg and Germany.

"Think it would take a whole year to tell of my experiences, the things I have seen and the impressions gained.

"Have a real home here and as one of my friends expressed it "living at the top of the earth."

Fighting for a Peace League.

Republicans, Democrats, and President Wilson all want some kind of a League of Nations which will insure world peace. What kind of league can they agree upon and make successful? No question will be more earnestly discussed in the months just ahead. The beginnings of this discussion are gathered from all directions into The Literary Digest this week for the convenient study of American citizens at large whose opinions, after all, must prevail before the question can be settled. A parallel comparison of Senator Knox's plan and the Paris plan is one of the features of this article.

"Alas marriage is a tie," sighed the henpecked husband. "So is the relation between a tin can and a dog's tail," replied the cynical bachelor.

WOMEN OF MIDDLE AGE

How Lydia E. Pinkham's Vegetable Compound Relieves the Ailments of Change of Life.

"During Change of Life I had hot flashes, dizzy spells and every month I was wild with misery I had a constant dull pain, and would always feel tired. I suffered in this way for five or six years and was treated by a physician and took different remedies without benefit. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took it, and I believe I would never have been well if it had not been for the Vegetable Compound and Lydia E. Pinkham's Sanative Wash. I am recommending your medicine to all women ailing as I was, for I think it will carry them safely through the Change of Life, and relieve the ailments that come at that period."—Mrs. ALEXIE C. NANGLE, Galatia, Ill.

Women who suffer from nervousness, "heat flashes," backache, headaches, and "the blues," should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and if complications exist write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience in such cases is at your service.

ENGLAND ASKS MONEY FOR LARGER NAVY

[ASSOCIATED PRESS TELEGRAM]

London, March 12.—In introducing the naval estimates for 280,000 officers, men and boys in the house of commons today, Walter Hume Long, first lord of the admiralty, said that until the peace conference decided what the world's armamen for the future should be, it was idle to ask any naval expert to frame recommendations for the future.

However, he added, the British navy intended to apply the lessons it had learned in the war in the development of the fleet. The number of men for which the vote was asked was the maximum from which it was hoped to work down.

FIGHTS 51 MONTHS WITHOUT A WOUND

Wins Two Decorations For Bravery While in the Trenches For More Than Four Years.

Fifty-one months in the trenches with the Italian army after an almost continuous service for six years, is the record of Domnick Guanciale, Newark Italian, whose brother Frank Guanciale lives at 88 South Pine street.

While in Newark the soldier was employed at the plant of the Buckeye

DOMNICK GUANCIALE.

Rolling Mill company. He was called to the colors in December, 1912, and fought during the Balkan war against the Turks. When Italy entered the war against the Hun, Guanciale again found himself facing his country's foe and he fought throughout the conflict without receiving a scratch. That he was in the thick of the fight is indicated by the fact that he has received two war crosses from the Italian government for bravery in action. He is now a Royal Carbiniere (police) but expects to be discharged as soon as the peace treaty is signed. In a letter to his brother, he sends greetings to his Newark friends and his thanks for the part America took in the great war.

Must "Twin Devils" Part Company?

Hatred of the new Prohibition law are trying to frighten the country with a bogy propaganda to abolish tobacco. Some are taking it seriously and The Literary Digest this week heads a symposium with the serio-humorous question: "Must Lady Nicotin Follow John Barleycorn?"

FOR NERVOUS INDIGESTION

When you use your brain it calls for an extra supply of blood.

When your stomach digests food the blood rushes to that region.

To do strenuous mental work after a hearty meal is to put unnecessary strain on the system. Busy American brain workers do just that and do it constantly. Therefore nervous indigestion is a common American disease. How it can be remedied is shown by the experience of the Rev. Giles Schumann, of No. 1232 Third street, Rensselaer, N. Y.

"I think that my trouble was caused by overwork and worry," says Mr. Schumann. "For an hour or two after eating I suffered distress from gas on the stomach and at times had sick headaches. I lost weight, was restless and did not get proper benefit from my sleep. My trouble extended over a period of two years and although I tried many remedies nothing gave me permanent relief until I tried Dr. Williams' Pink Pills.

"I learned of the pills through reading an article in a newspaper and I had taken them only three or four days before I noticed a marvelous, almost miraculous change for the better and the improvement continued. I am recommending Dr. Williams' Pink Pills whenever I find anyone who is suffering from nervousness or stomach trouble."

Dr. Williams' Pink Pills are an ideal tonic for nervous people because they are non-alcoholic.

A useful book, "Diseases of the Nervous System," will be sent free by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can order them direct by mail, postpaid, at 50 cents a box, six boxes for $2.50.

ORRINE FOR DRINKING MEN

We are in earnest when we ask you to give Orrine a trial. You have nothing to risk and everything to gain, for your money will be returned if after a trial you fail to get results from Orrine. Orrine can be given in the home secretly, without publicity or loss of time. Orrine No. 1, secret treatment; Orrine No. 2, the voluntary treatment. Costs only $1.25 a box. Ask us for booklet.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Hurry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" at once if bilious or constipated.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomasch-ache, sore throat, diarrhoea, full of could, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without gripping, and you have a well, playful child again.

You needen't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grownups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.

IF MOTHERS ONLY KNEW

During these days how many children are complaining of headache, feverishness, stomach troubles and irregular bowels. If mothers only knew what Mother Gray's Sweet Powders would do for their children no family would ever be without them. These powders are so easy and pleasant to take and so effective in their action that mothers who once use them always tell other mothers about them. Sold by druggists everywhere.

SOLDIERS' NAMES BEING POSTED ON BULLETIN BOARDS

Electric lights were turned on the court house park bulletin boards last night where the names of nearly 100 Licking county soldiers and sailors are posted. Additional names are about to be painted upon the boards. The list will grow as new Bring 'Em Back clubs are organized.

Get an application blank now from the War Savings Stamp committee and form a club in honor of your soldier or sailor friend or relative. It's easily done.

Frank Owens of Madison township who has duplicated his 1918 purchase of 200 W. S. S. has named Bring 'Em Back clubs after Trafford R. Paul and Max Bragg.

Mrs. Gail Nethers, 425 Park avenue, has bought enough W. S. S. to form the Raymond Allison club. Mr. Allison's home is at 415 Central avenue.

Miss Mary Thurston and James Thurston of North Fourth street, both members of last year's $1000 War Savings Society have just organized their second Bring 'Em Back club this year, this one being in honor of W. H. Cocanour of East Main street.

A letter was mailed to Germany today telling Glendale Mount that his name is on the list of Bring 'Em Back clubs. His address is Battery B. 324 H. F. A. 32d Division Annex. Mount's home is Alexandria.

Purley J. Fairall, piano dealer, honored Everett R. Francis 206 Granville street, yesterday by organizing the Everett R. Francis Bring 'Em Back club. Mr. Fairall bought 100 W. S. S. Mr. Francis is with the 324th H. F. A in Grosmeschied, Germany.

Miss Mabel Snider organized a Bring 'Em Back club in a short time yesterday in honor of Alva Lee Gleason, 332 West Church street, now in Battery B. 324 H. F. A., Germany. Miss Snider with very little effort secured pledges from fifteen people for the purchase of W. S. S. to the amount of $500.

GOES TO HOSPITAL; HAS SPRAINED ANKLE

Private George Walpole wrote his mother Mrs. Annie Walpole from Sehl, Germany, on Feb. 16, telling her he is in a hospital with a sprained ankle. He is a member of the 12th machine gun battalion and they are engaged in building a machine range up in the mountains. His letter reads:

"The boys have all gone to the show, am here all alone, got to go on guard pretty soon. I am a little tired tonight, went up on the mountains today. We are building a machine gun range up there and it is good exercise, it is about 3 miles. We get a nice place to stay there are 7 of us staying in a house with a German family and we have a fire to sit by and I hope we can stay here till we are ready to come home and I think we will be here till late in the summer. I bet the boys that were in camps back there are glad they are getting out. Well I would like to be home but not sorry I came over here. I have seen a great deal of the country since I left home and tried to do my part and would do it again if necessary. About my trip over here we were 14 days on the ocean, landed at Liverpool, then to Southampton, we were in England 4 days then 24 hours on the English Channel, it was a rough ride to France. 325th M. G. Bn. 84th Div. did not fight, stayed in the rear but the most of us did we were tranferred. I thank God that I am living and I am living in hopes that I will be home when my turn comes.

"I could tell you lots but will wait till I come home."

Feb. 16th—"I am writing a few lines to tell you I slipped and fell on the ice and sprained my ankle and I am in the hospital, think I will be all right in a week or so. This is my second time in the hospital, in November in the hospital three weeks.

Only a Line From You.

I'm lonesome and I'm homesick
And I'm feeling mighty blue,
Because it's been a while long months now
Since I got a line from you.
I've written and I've written
I've made the censor stew.
Still, I'm lonesome and I'm homesick
'Cause I ain't got word from you.
I don't know just what's the matter,
I don't know just what to do
To get the mail man in the way
To bring a line from you.
It don't do me good to cuss him,
It don't do no good to stew,
'Cause it ain't his job at all man's fault
I don't get a line from you.
It may be, he's a captain
or, maybe, he's just a "lieu,"
I wonder if that's the reason
I don't get a line from you.
I know I'm but a private
And darn poor private too:
But I'm anxious as any "Lovey"
To get a line from you.
My pleasures are mighty skimpy,
My joys are mighty few.
When days and weeks go slowly by
And I don't hear from you.
So why keep me feeling lonesome?
Why keep me feeling blue?
When you know the thing that will
Cheer me up is only a line from you?

Private Geo. L. Walpole, Co. D. 12th M. G. Bn., 4th Division, U. S. Army, A. P. O. 756, A. E. F.

ST. JOE ROAD.

Miss Gretta Cush and Miss Florence McKinney spent Thursday in Johnstown, the guests of Miss Florence Cush.

Frank Richardson who has been suffering from an attack of heart trouble is better.

About thirty of the friends and neighbors of Mr. and Mrs. George Alberry treated them to a surprise the first of the week. An enjoyable evening was spent and a two course luncheon was served.

Mrs. Lewis Cush, visited in Johnstown Wednesday.

Messrs Sam Hazel and Grant Willson were in this neighborhood Wednesday in the interest of the sale of farm machinery.

Mr. and Mrs. George Alberry moved to Alexandria Wednesday and Frank Baker of Linces has moved on the Baldwin farm.

FRECKLES

March Brings Out Unsightly Spots. How to Remove Them.

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and the winds have a strong tendency to make her freckle.

Fortunately for her peace of mind, Othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength Othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails. Advt.

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Parmint double strength, and add to it 1 4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial. T. J. Evans.

When the Baby Needs a Laxative---

No one knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-waters, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, so often followed by an unpleasant reaction.

A better plan is to employ a mild, gentle laxative of which only a little is required. There is a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin that thousands of mothers have used successfully for baby's constipation and its accompanying ills, such as belching, wind colic, restlessness, sleeplessness, etc.

The nursing mother will also find it ideal for herself, and it is especially important that she be free from constipation.

Syrup Pepsin is guaranteed to do as promised or the druggist will refund the money. Thousands of cautious families have it in the house, secure against the little ills.

Dr. Caldwell's
SYRUP PEPSIN
The Perfect Laxative

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the War, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and $1.00.

FREE SAMPLES

If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

OHIO BOARD CAN'T HELP ON SUBWAYS

Powers Are Limited to Safeguarding Crossings As They Now Exist—Will Seek Data Here.

J. P. Dugan, of the Public Utilities commission, conferred with the subway committee recently appointed by the mayor, yesterday afternoon at the Chamber of Commerce.

It had been hoped that the public utilities commission could use its influence to have the railroad companies and railroad administration construct the proposed subway.

Mr. Dugan stated that the government would not permit the utilities commission to act in the elimination of the grade crossing. He said that its work was solely in regulating the policing of the crossings, as the matter of placing the number of watchmen required to safeguard pedestrians.

In connection with this phase of the work, engineers will be sent to Newark in three weeks by the commission to take a count of the number of people going over the crossings at the different hours of the day and evening in order to determine the number of watchmen required.

The lecture is given under the auspices of the Kiwanis club and was arranged at this time to give Newark people expert views on the reign of terror in Russia and Germany and its menace to this country. The lecture is particularly timely because of the trend in this country toward Bolshevism.

MILITARY PLANES ARE DENIED TO GERMANY

Paris, March 14.—The aerial terms of the German disarmament as adopted yesterday by the supreme war council provide that airplanes and dirigibles shall no longer be used for military purposes. The council concluded that it was not feasible to prohibit airplanes for commercial uses.

The drafting committee was directed to make clear the distinction excepting commercial airplanes in the terms incorporated in the peace terms.

All forms of military airplanes are barred to Germany, the only exception being the temporary use until October 1 of 100 aeroplanes and 1000 men in gathering mines in the North Sea.

Germany must deliver all airplanes to the allies and must prohibit the construction of other airplanes until the conclusion of peace. Terms do not decide the future of these airplanes, which may either be destroyed or divided among the allies.

The British and American delegates brought up the question of a distinction between commercial aerial navigation, which will be authorized for Germany after conclusion of peace under certain guarantees, and military aerial navigation, which will be prohibited.

The council decided to send an aeronautic commission to Germany to investigate the question of commercial aerial navigation. Deputy Aubigny of the French chamber will be chairman.

FINE SPRING TONIC IS DR. CARTER'S K. B. TEA

Dr. Carter's K. & B. Tea Best Spring System Cleaner—Make It at Home Yourself—Costs Almost Nothing.

After the long winter months, nearly everyone needs a spring medicine that will drive out accumulated impurities and put the system in good condition.

One of the best spring upbuilders and regulators we know of, is made of roots and herbs and is called Dr. Carter's K & B Tea— your Grandmother can tell you all about it.

Get a package of this tea at any drug store and brew a steaming cup before you go to bed tonight—you'll like it.

It's splendid for the liver and bowels, sick headache and biliousness. The kiddies like it too, and it does them lots of good, because it never acts harshly. You can get Dr. Carter's K & B Tea at any drug store. Advt.

ACHES, PAINS AND SORENESS

When you want to stop pain and do the job quickly and surely—get the original improvement on the old fashioned mustard plaster — Begy's Mustarine—the kind that contains real yellow mustard. It cannot blister and there are no disagreeable fumes to irritate the nose and eyes.

Just rub it on for any ache or pain. It penetrates quickly and relieves almost instantly by gently stimulating the circulation and diffusing all inflammation and congestion.

Always in the yellow box—be sure to ask for Begy's Mustarine.
